

**BOMBARDIER FLEXJET AND JET SOLUTIONS OFFER NEW 'FLEXJET 25' JET CARD PROGRAM IN TIME FOR HOLIDAY SEASON**

**DALLAS, Texas, Nov. 29, 2006** – This holiday season, stockings everywhere will be filled with the ultimate holiday present – the gift of time. *Bombardier Flexjet*, the fractional business jet ownership program of Bombardier Aerospace, and Jet Solutions LLC, the organization operating *Flexjet* flights under FAA Part 135, recently introduced their new *Flexjet 25* jet card, which provides travel-by-the-hour on the exclusive *Flexjet* fleet of *Bombardier Learjet 45*, *Learjet 60* and *Challenger 604* business aircraft.

“The *Flexjet 25* jet card offers the greatest choice, flexibility and benefits available today among jet cards, and has unique features that no other program of its type has ever offered,” said Sylvain Lévesque, Vice-President, Marketing, Bombardier Flexjet. “These product differentiations not only make the *Flexjet 25* card the standout choice in jet cards, but also a perfect gift choice for those who have everything.”

*Flexjet 25* jet card owners can choose from different price levels for each aircraft based on a preset number of travel days per year – for example, from a 355-day jet card to a 325-day or 275-day jet card. Pricing\* breakdown is as follows:

<b>Aircraft</b>	<b>Travel Days per Year</b>	<b>25 Hours</b>	<b>30 Hours</b>	<b>35 Hours</b>
<b>Learjet 45</b>	275 Days	\$134,900	\$161,880	\$188,860
	325 Days	\$145,000	\$174,000	\$203,000
	355 Days	\$155,000	\$186,000	\$217,000
<b>Learjet 60</b>	275 Days	\$149,900	\$179,880	\$209,860
	325 Days	\$157,500	\$189,000	\$220,500
	355 Days	\$167,500	\$201,000	\$234,500
<b>Challenger 604</b>	275 Days	\$219,900	\$263,880	\$307,860
	325 Days	\$235,000	\$282,000	\$329,000
	355 Days	\$255,000	\$306,000	\$357,000

“The *Flexjet* 25 jet card offers truly advantageous pricing against the competition. For example, the 275-day jet card is available at unprecedented pricing – never before offered in the fractional card segment – for travelers who anticipate little need to fly during periods of highest demand,” said Mr. Lévesque.

In addition to a variety of pricing options, the *Flexjet* 25 jet card offers several other benefits:

- A unique guarantee that card owners will fly on the *Flexjet* 25 fleet 95 percent of the time or better – a guarantee that mirrors what *Flexjet* provides to its fractional jet owners and addresses the chief criticism of fractional jet ownership programs and fractional jet cards. When consumers use their *Flexjet* 25 card, they know they are flying on the *Flexjet* fleet and not on a multitude of charter aircraft from a variety of operators.
- A satisfaction guarantee promising that card owners will be refunded the remaining portion of their pre-paid balance if they are not completely satisfied after their first flight.
- *Flexjet*'s industry-leading secondary service area program, which provides travel to all of the Caribbean, Bahamas, Bermuda and Mexico without repositioning charges.
- Options for travel on larger or smaller aircraft using a standard interchange ratio
- The ability to apply unused card program funds toward the purchase of a *Flexjet* fractional share.
- Point-to-point international travel can be arranged for jet card owners through *Bombardier Skyjet International*.

“The *Flexjet* 25 jet card program offers a more flexible, value-based pricing structure, which also helps us manage demand and maintain the highest levels of service for fractional owners and card owners alike,” said Mr. Lévesque. “*Flexjet* and Jet Solutions have led the industry in quality, flexibility, innovation and safety of aircraft operations. The *Flexjet* 25 jet card program enables card owners to take advantage of these benefits, industry-leading service guarantees and the superior *Flexjet* fleet.”

\*Pricing subject to conditions. Card owners are responsible for the Fuel Component Adjustment (FCA) of the aircraft type owned for each hour that is flown.
