

LEARJET 85

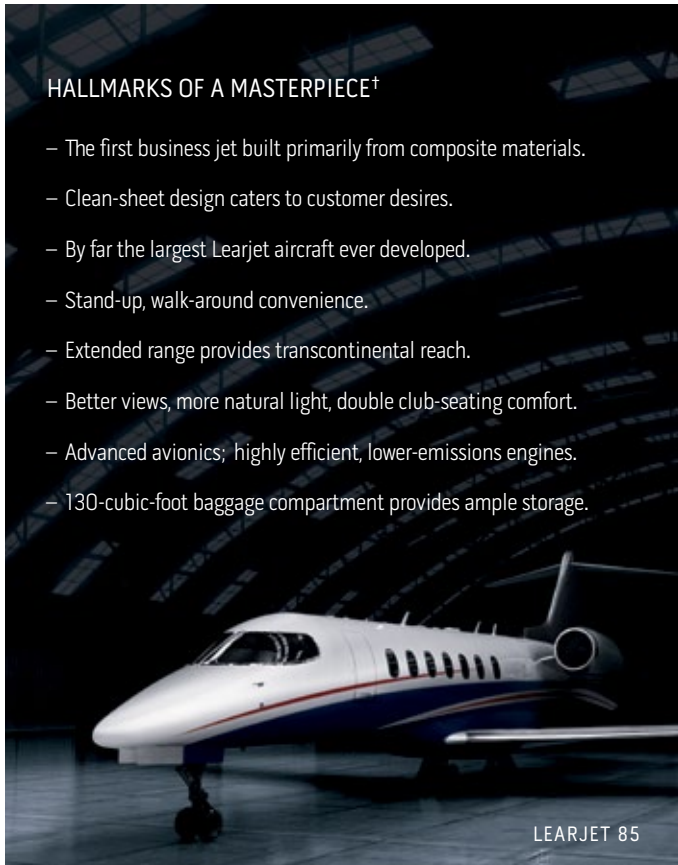

BREAKING THE ASTOUND BARRIER

The next aviation watershed is just around the corner—and this time, you have the opportunity to make history. The Bombardier* Learjet 85* Long-awaited. Much-anticipated. Largest Learjet* aircraft ever. Setting new standards in performance, comfort, convenience and range. Flexjet, an industry leader known for personalized private aviation solutions, will be the exclusive source for fractional jet ownership of this remarkable new aircraft.

A select few brands define the ultimate achievement in their categories. Learjet aircraft is one of those brands. And the Learjet 85 aircraft defines a new benchmark in the evolution of private aircraft. Just as Flexjet defines the ultimate in flexible, customized travel.

HALLMARKS OF A MASTERPIECE†

- The first business jet built primarily from composite materials.
- Clean-sheet design caters to customer desires.
- By far the largest Learjet aircraft ever developed.
- Stand-up, walk-around convenience.
- Extended range provides transcontinental reach.
- Better views, more natural light, double club-seating comfort.
- Advanced avionics; highly efficient, lower-emissions engines.
- 130-cubic-foot baggage compartment provides ample storage.

A LEGEND IS BORN

Forged primarily from advanced composites and a clean-sheet design that cast off outmoded concepts, the Learjet 85 aircraft was created with owners' desires at the heart of every innovation. Spacious, stand-up, walk-around cabin. Transcontinental range. Powerful, efficient, low-emissions engines. All delivered with the unmatched benefits of Flexjet* fractional jet ownership.

THE COMPOSITE EDGE

Composite construction delivers limitless advantages. Because it allows for a thinner-walled fuselage, it is partly responsible for that stand-up convenience and extra elbow room. And it is a better insulator, providing excellent cabin acoustics for a quiet ride that lets you focus on the business at hand.

SATISFACTION GUARANTEED

Only Flexjet provides the range of services, flexibility and programs to take full advantage of the enormous potential of the Learjet 85 aircraft. Starting with our satisfaction guarantee: new owners may exit the program in the first 90 days if they are not completely satisfied. No questions asked.

EXCEPTIONAL PROGRAM FEATURES
