Access the world one destination at a time on the Global Express. With unparalleled performance of 12-hour-plus* flight capabilities, your destinations are limitless. Travel essentially anywhere in an aircraft that was designed to amaze. Whether you are flying to an exotic getaway to relax or a business meeting in Dubai, the world becomes a bit smaller when you have the power of infinite possibilities. Enjoy the ability to fly wherever life takes you.

*Estimated trip times are subject to change based on the conditions and circumstances on day of travel.

Flights lasting more than 12 hours in duration require an additional pilot and service attendant on board, restricting the aircraft to a maximum of 10 passengers.

Additional restrictions may apply.

UNIQUE. LUXURIOUS. EXCEPTIONAL.
INTERIORS DESIGNED FOR PERFECTION.

CRAFTED ELEGANCE. IMMACULATE DESIGN.

Every detail inside the Global Express was hand selected to ensure the utmost quality. From custom leathers to detailed stitching, specialized materials were designed to create truly impeccable, artisan interiors. Flexjet conceptualized different interior cabin themes like the “New York Apartment” and “Art Deco.” These interiors boast exciting, elegant aesthetics with one-of-a-kind finesse.

We’ve spared no detail in capturing true beauty. Each interior theme includes unique pieces to complete a full experiential look and feel. One custom interior features crystal stemware that was mouth-blown and hand-cut in Ireland, creating a beautiful Flexjet exclusive design. Another interior embodies a contemporary theme with modern stemware imported from Germany. No detail was too small when crafting the Flexjet Global Express.

GETTING YOU HOME.
IN LUXURY AND COMFORT.

TAILORED AMENITIES.

The Global Express was designed to provide functionality and comfort with designated areas for business and leisure. To keep your comfort uninterrupted, the front section of the aircraft features a partitioned crew rest area and lavatory. An additional fully enclosed lavatory is located in the back of the cabin. The spacious front galley boasts a full refreshment center, microwave and warming oven for your dining pleasure. Also featured is a full size liquor display with your beverage of choice easily available.

The main cabin offers a double club seating arrangement with individual table tops that can deploy. Behind the double club is a four-place conference table area that is perfect for hosting a meeting or enjoying an in-flight meal. As an industry first, our Global Express has a credenza that can easily transform into additional seating for added comfort while moving about the cabin. This section also boasts two 24 inch monitors and six speakers with stereo sound.

The next section is a traffic-free private stateroom with features to keep you entertained and at ease. Enjoy a 42 inch monitor and surround sound speaker system for the ultimate in-flight experience. Also, the comfortable divan can be converted into a bed. All cabin entertainment and environmental preferences can be controlled with the Honeywell Cabin Control iPad app. With a simple touch of a button, you can adjust cabin temperature, volume and many other features. We put luxury at your fingertips, with one of the most comfortable and lavish cabins in private aviation.

MAJESTIC PERFORMANCE.

The Global Express is designed to support short-field capabilities, as well as a 12-hour-plus flight environment. Experience unparalleled performance with this exceptional aircraft. It sets the standard for long-range capabilities within its category. Passengers enjoy a spacious galley, dedicated crew rest area, generous main cabin and traffic-free private stateroom.
